Infinite autonomy

To continuously remove waste, making it easier to manage and operate.

High performance

Maximum power

- **Latest Brushless** generation engine.
 - **Speed Control System:** it maintains a constant speed providing more power when necessary.
 - **Speed selector:** 2 speeds to adapt the power to the hardness of the fruit and vegetables.
- Maximum performance** with its 3500 rpm and 4500 rpm.
- **Very silent** (less than 70 dB) and stable, thanks to its **Silent-Block** antivibration system.

Maximum performance

- **Position 0:** permits saving energy, by putting the juicer on **Stand-by** whilst we are not using it.
- **Ergonomic Pusher** and a broad opening of up to **75 mm** for all types of fruit and vegetables.
- **Non-drip rotating tap** and new removable tray, with optimised design, a cleaner way of collecting the drops.
- **Filter-grating disc unit** that can be removed without using tools, **centre design** for efficient centrifuge and filtering.
- **Integrated large capacity waste bucket 13 L.**
- **Pulp-free high quality juice in 5 seconds.**
