STANDARD FEATURES

CFC free injected foam insulation

Stainless steel interior

Stainless steel rear work bench

Silver colored PVC coated steel front panel

Black steel kick plate

Foamed polystyrene black end panels

Tempered tilt-foward front glass

Removable rear tempered glass sliding doors

LED lighting in canopy

Temperature and defrost regulated by a digital controller Removable condensate evaporating pan for easy cleaning on self contained units

Slide out condensing unit on self-contained units

Digital thermometer

Levelling feet

OPTIONAL FEATURES

Stainless steel exterior

Lift up front glass

Other colors available

Joining Kit

Partition

Condensate evaporating pan for remote cases

White epoxy bi-level wire racks; 2 or 3 level step sham

Scale stand with receptacle

Cutting board

Knife Supprt

Casters add 4-3/8" to height

Stainless steel legs are adjustable from 5-1/8" to 7-5/8"

NOTE

49 -¹³/₃₂"

These are engineered to operate in locations not cases exceeding $75^\circ F$ and 55% R.H. These cases are designed to operate using R404a refrigerant. Alternate refrigerants available by special order. O.A. length includes (2) ends at 1-1/2" each. Ventilation grills at front and back cannot be blocked. B.T.U.'s are calculated at 14°F 90°F (evaporator) and (ambient). Remote cases are provided with an expansion valve and a liquid solenoid for pump down cycle. On remote cases, if no floor drain is provided, a condensate evaporating pan must be ordered and 3.3 amps added to the amp load. Remote cases must be hard wired - no plugs.

WARRANTY

One year parts and labor with an additional four years on the compressor (part only)

06/2017
