

## RESTAURANT SERIES ELECTRIC BAKERY DEPTH CONVECTION OVENS

### SERIES: BPCV-E

Bakers Pride® BPCV-E series convection ovens feature single and double-stacked models with electric operation. These ovens feature a patented two-speed, wheel-within-a-wheel fan that enhances air flow for consistent cooking. The independent doors are fully insulated and feature cool-touch handles. This model is serviceable from the front and includes stainless steel front, top, sides, and doors. The lighted oven chamber has a porcelain enamel interior for easy maintenance and will accept five 18" x 26" sheet pans. Standard rotary controls are simple to use and include a cool-down function and continuous-ring timer.

#### FEATURES AT A GLANCE

- 10.5 kW forced-air system
- 208 V or 240 V, 60 Hz, single or three phase
